Indians Believe in Omens.

Mysticism plays a great part in the hunting of the Indian. He is a great believer in signs and omens, and if he starts to hunt and sees a sign or omen that bodes evil returns back to wait a more propitious time. The flight of certain birds, the floating of a feather the crawling of snakes, are of import, and unless he believes in the potency of his medicine to overcome the evil influence he will not go after game when the signs are not right. The Indian being very susceptible to cold, does little hunting in the dead of winter. Being neither hardy nor warmly clothed, he prefers the warm campfire in the tepee to the distress of the hunting trail when the cold is biting. It is generally believed that the red man is one of the most hardy of the human race, because he has spent his life in the open air, but that sort of life is not conducive to hardiness unless it be accompanied with plenty of food and warm clothing.—San Francisco Chronicle.

A Clear Complexion, Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. H. Orme.

Dying From Cat's Bite.

New York, Aug. 30.—Mrs. Rachel D. Barry, who lives on the Eatontown road in Long Branch, N. J., was bitten by a pet cat early in July. The wound healed. There was no thought of grave consequences. Last Friday Mrs. Barry felt slight pains, which increased in severity at intervals until they developed into spasms. Dr. E. M. Beach, who had the case, called Dr. S. J. Wooley in consultation, who declared the woman had hydrophobia and that her condition was hopeless. Last night it was feared she would die before morning.

The cat that bit Mrs. Barry was killed by a dog.

Gusher Struck in Clinton County.

Albany, Ky., Aug. 31.—Clinton county now thinks it has the biggest oil well in Kentucky. It is the Standards No. 6, on the Tompkins farm on Fannis creek. Oil was first struck in this well at 388 feet and pumped thirty barrels per day but did not continue to give satisfactory results. The company decided to drill this hole deeper. After drilling had proceeded only three feet a regular gusher was struck. Oil gushed out over the derrick and ran down the creek, covering Illwill creek. Some person fired the oil and caused night flames. It was necessary to build a dam across a ravine to keep more oil from running into the creek and reaching the fire. It is estimated that 3,000 barrels of oil escaped before the gusher could be controlled. The new well is now pumping at the rate of 100 barrels an hour.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. H. Orme.

Sixteen-foot Alligator Seen in Ohio.

Evansville, Ind., Aug. 31.—Edward Shackelford, Benjamin and Frank Bauer and Edward Hayes, all reputable farmers of Posey county, Ind., claim that when in a skiff in the lower Ohio river near Uniontown, Ky., to-day, an alligator about sixteen feet long, and as large as an ordinary horse attacked them and the boat was almost swamped.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn, of Boonshoro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. H. Orme.

Collision on Bridge.

The bridge over Tradewater river, on the Illinois Central railroad, half a mile from Dawson Springs, was almost torn away by a collision between two freight trains. One engine was thrown into the river, the engineer and fireman going down, but neither were seriously injured.—Exchange.
